CALL FOR PAPERS

ISYGE 2020

Hammamet, Tunisia

The Laboratory of Mineral Resources & Environment (LRME) at Faculty of Sciences of Tunis, University of Tunis EL MANAR Tunisia & the Tunisian Association of Women Geoscientist, organize the Third International Congress on GeoResources & Environment ISYGE-2020 scheduled for November 13-15, in Hammamet, Tunisia.

The main objectives of the ISYGE2020 is to bring together researchers, scientists, engineers and students to exchange and share their experiences, innovative ideas, and advanced researches about all aspects of applied Geology, Mine & Environment, Georesources, Geodynamics, Geospatial Sciences, Geomatics, Water sciences & Management, and Archeomaterials, Geoheritage as well as Paleoenvironments & Climatic changes. The congress consists of keynotes, oral sessions, poster presentations and exhibitions.

Considered as a catalyst for research works, the best presented papers will be published in precious supporter journals.

TOPICS

- Mineral, energy resources & processing
- Water sciences & Management
- Archeomaterials, Geoheritage
- Mining & Geohazard
- Dynamics of basins
- Palaeoenvironments & Climatic changes
- Other propositions are welcome

IMPORTANT DATES

Deadline for Abstract submission June 15th 2020
Acceptance notification 15 July 2020
Deadline for registration 31 July 2020 & 2nd Circular
Scientific Program and 3rd circular, September 15th 2020

https://isyge2020.sciencesconf.org/
FEES

Fees include registration for the event with two nights full board.

- **Academic**
  - Tunisian / 450 DT
  - Others / 300 €

- **Student**
  - Tunisian / 350 DT
